Can't Arrest Men Without Warrant.

Rome, Ga., Nov. 23.—The first case under the new decision of the supreme court touching arrests without warrants by municipal officers, took place in Rome today. Early this morning Officer A. R. Watkins arrested Geo. Priest, a white man, whom he knew there was a warrant for in Cartersville, charging him with a serious offense. He lodged his prisoner in the guard house and notified the officials in Cartersville who said they would come for him at once. In the meantime the chief of police was informed of the new law and upon the advice of his attorney released Priest because he had no warrant to hold him. Priest skipped out immediately for Alabama. The officers here say the new law handicaps the ends of justice.

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive, as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and is very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

Try to Enter White School.

Asheville, N. C., Nov. 23.—The case of the six daughters of Robert Gilliland against the board of education of Buncombe county came up for trial in the superior court here today. The case is a novel one, the plaintiffs seeking to secure a mandamus compelling the defendant to admit them to the white schools of the county. They claim to be white children, but the board in excluding them held that they had negro blood in their veins and are not entitled to seats in the white schools. The people of the county are intensely interested over the case, and a number of the leading lawyers of western North Carolina have been retained in the case.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

MURDERER COMMITS SUICIDE.

Philadelphia Man Shoots Father-in-Law and Kills Self.

Philadelphia, Nov. 23.—Lying on his couch at his home in West Philadelphia, helpless from paralysis, David F. Rowe, an elderly man, was shot four times by Casper Cooper, his son-in-law, who then fled from the house and killed himself by sending a bullet through his head. The father-in-law's wounds are so serious that he had to be removed to a hospital. It is believed he will recover.

Cooper had been married to Rowe's daughter about three years, but the wife left him about eight months ago because of ill treatment. Today the husband returned to his father-in-law's house and asked to see his wife. Mr. Rowe said she was out earning her living. The father-in-law reproached the son-in-law for ill treating his daughter, and a quarrel followed, which ended by Cooper shooting his wife's father while he lay on the couch.

Refuses to Sanction Plural Marriages.

El Paso, Tex., Nov. 23.—The arrest here of E. H. Conger and Pearl Gurrin, of Utah, brings out the fact that President Smith, of the Mormon church, absolutely refuses to sanction plural marriages. Conger declares that he fell in love with Miss Gurrin in Utah, and although married, his wife agreed he could also marry Miss Gurrin. Being refused a license in Utah, he went to the Mormon colonies in Mexico, expecting to marry there, send for his first wife and make a home there with both. He says President Smith was visiting the colony and flatly refused to permit the marriage and the couple started back home, and, arriving here, were arrested. Conger being charged with abduction of the girl. Conger says both have been expelled from the church by President Smith.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

Terminal in Heart of Gotham.

New York, Nov. 23.—The New York and New Jersey railroad company which has built two tunnel tubes under the North river from Jersey City to Morton street, is to have a big terminal station opposite Greeley square at Thirty-third street and Broadway. Its terminal site will comprise the block front on the west side of Broadway from Thirty-second to Thirty-third streets with a frontage of 400 feet on both Thirty-second and Thirty-third streets. Millions will be spent in building the terminal. Condemnation proceedings to acquire the property required were instituted yesterday.

Man's Unreasonableness

Is often as great as woman's. But Thos. S. Austin, manager of The Republican of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured, and can now perform all her household duties." Guaranteed by all druggists. Price 50c.

Candlelight.

In domestic lighting for nearly the first half of the last century candles held undisputed sway. The bell is rung, and Mary brings in candles, a pair of molds in tall brass candlesticks brightly polished, with snuffers on a tray—a sharp beaked snuffers of steel, with jaws that opened and shut with a snap and something sinister in their appearance.

There were plated candlesticks and snuffers, too, for occasions of state, with silver branches that suggested the spoils of Jerusalem, but there was also a lamp, a stately edifice of bronze that towered over the family circle at times and shed a generous and genial light when so inclined. But what a demon it was to smoke and to smell! And it would burn, when it condescended to burn at all, nothing but the very finest sperm oil at a fabulous price per gallon.—London Chronicle.

The Capital.

It is not generally known, says the Philadelphia Record, but it is a fact of history nevertheless that Bristol township, lying on the east side of Germantown, had a very narrow escape from being selected as the site of the capital of the United States. It was a very small matter that turned the choice toward Maryland and Virginia. So positive were some members of congress that the capital was going to be located near Germantown that they purchased real estate there, not, of course, as a matter of speculation, but simply to be near at hand when the removal from Philadelphia to Bristol took place. When the vote of the commissioners was taken there was a tie, four being for Bristol and four for the District of Columbia. Washington cast the deciding vote, and Bristol township was left out in the cold.

Constipation.

Health is absolutely impossible if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsey, P. M., Bronson, Fla., writes, Feb. 12, 1902: "Having used Herbine, I find it a fine medicine for constipation." 50c a bottle. Sold by W. M. Johnson.

Lamb's Quiet Home.

Charles Lamb once said that he hated a certain man. "Do you know him?" Lamb was asked. "No," he answered. "Let me introduce you to him," said Lamb's friend. "No," responded Lamb humorously. "For if I shall know him I am sure I shall stop hating him."—Philadelphia North American.
